Welcome Message

From the iLDLT Group Congress President

Dear Colleagues & Friends,

It gives me immense pleasure to welcome you to the 6th World Congress of iLDLT group in Jaipur, India. The iLDLT Group was created to promote development and research in the field of LDLT through collaboration and knowledge sharing. This year's meeting will focus on minimally invasive donor surgeries, how to improve perioperative outcomes for LDLT in sick recipients and how to make LDLT more universally available in keeping with the theme, "Liver Transplant Beyond Borders".

The 6th annual Liver Transplant Society of India (LTSI) & 9th annual CLBS meeting will also be held as a joint meeting with this year's iLDLT group and will focus on improving and promoting cadaveric donations, including donation after circulatory determination of death.

Whether you are an anaesthetist, hepatologist, intensivist, transplant surgeon, radiologist, pathologist, nurse or transplant coordinator, the 3 days event will have something of major attraction for you. Many of the leading lights of transplantation will be attending this meeting, and it would be a starting point for collaborative work with established Institutions.

The Pink City of Jaipur has lovely weather during this time of the year. Within and around Jaipur, there are many historical monuments and palaces, which are a must-see. You will be transported to another era of charm, leisure and elegance.

During the evenings, after the scientific deliberations are over, there will be a Gala dinner and cultural performances by some of the best troupes in India.

Once again, I invite you to this meeting, and please do register in time so that we can make your stay comfortable and enjoyable.

A handwritten signature in blue ink, consisting of stylized initials and a long horizontal stroke.

Dr. Subhash Gupta

Congress President - iLDLT Group

Chairman - Centre for Liver & Biliary Sciences (CLBS)

Max Super Speciality Hospital, Saket

Welcome Message

From the President of the iLDLT Group

On behalf of the International Living Donor Liver Transplantation Group (iLDLT Group), I would like to welcome you to the 6th World Congress of iLDLT Group 2023, which will be held on November 17 (Fri) - 19 (Sun), 2023, at Hotel Hyatt Regency, Jaipur, India.

The iLDLT Group was founded in 2014 with the objective of promoting global developments and enriching the collective understanding of LDLT through research and collaborative discourse. Since its inception, the iLDLT Group has held five successful biennial congresses, convened previously twice in South Korea, once the USA and Taiwan, with the most recent being in Brussels, Belgium. Jaipur, India has been selected for our sixth venue of International Congress. A number of world-renowned experts will be joining the congress as speakers or chairpersons. We believe that the congress will greatly contribute to the advancement of living donor liver transplantation in India.

We are confident that the congress will offer much to see, learn, and take away as long-lasting memories, and we invite you to participate in this wonderful experience.

We look forward to welcoming you to the 6th World Congress of iLDLT Group in Jaipur, India.

Sincerely yours,

A handwritten signature in blue ink that reads "Hiroto Egawa". The signature is fluid and cursive, written in a professional style.

Prof. Dr. Hiroto Egawa

M.D., Ph.D.

President - iLDLT Group

Hamamatsu Rosai Hospital, Japan

Welcome Message

from the LTSI President

The Liver Transplant Society of India (LTSI) is very pleased to co-host the 6th World Congress of the International Living Donor Liver Transplantation (iLDLT) Group. India has become a world leader in living donor liver transplantation, and the LTSI has seen rapid growth and keen participation from multidisciplinary stakeholders over the last few years. Hosting this prestigious meeting jointly with our annual meeting will provide an excellent forum in which to learn, discuss and exchange ideas.

We also look forward to welcoming our guests to the royal city of Jaipur. Its rich history, culture and splendour will be sure to provide unforgettable memories!

A stylized, handwritten signature in dark blue ink, consisting of a large 'S' and 'A' followed by a dot.

Dr. Sonal Asthana

Lead Consultant - HPB & Liver Transplant Surgery

Aster Hospital, Bengaluru

LTSI - President

Core Organising Committee

Dr. Jagadeesh Krishnamurthy, Organising Secretary

Greetings from the Organising Committee. Thank you for attending our iDLT Group world congress 2023.

This event is about sharing the latest innovations and surgical techniques in the field of liver transplantation and organ donation to the whole of our country and the countries which are just starting the liver transplant programme. This will help to encourage Medical Tourism. Organ donation workshops will empower the transplantation coordinators to share knowledge from the experts in the field.

Looking forward to welcoming you all to Jaipur.

Dr. Mukesh Kumar, Organising Secretary

Dr. Shaleen Agarwal
Transplant Programme Coordinator

Dr. Sanjiv Saigal
Hepatology Programme Coordinator

Dr. Shweta Singh
Anesthesia - & Critical Care Programme Coordinator

Dr. Rajesh Dey
Transplant Programme Coordinator

Dr. Vikram Kumar
Paediatric Hepatology Programme Coordinator

Dr. Vipul Gautam
Paediatric Hepatology Programme Coordinator

The Organisers

International Living Donor Liver Transplantation (iLDLT) Group

The iLDLT Group was founded in 2014 with the objective of promoting global developments and enriching the collective understanding of LDLT through research and collaborative discourse. The office is based in Seoul, South Korea.

Since its inception, the iLDLT Group has held five successful biennial congresses, convened previously twice in South Korea, once in the USA, and Taiwan, with the most recent being in Brussels, Belgium. Jaipur, India, has been selected for our sixth venue of the International Congress. We believe that the congress will greatly contribute to the advancement of living donor liver transplantation in India.

AIM:

- To spread and promote knowledge about LDLT on a worldwide scale
- To exchange the expertise between LDLT the medical and surgical leaders in order to continuously improve the results even in very sick patients

The Organisers

Liver Transplant Society of India (LTSI)

The Liver Transplant Society of India (LTSI) was established with the primary objective of facilitating the growth of liver transplantation and allied fields in India by creating awareness, promotion, education, professional training, establishing professional standards, enhancing academic activities, and conducting and promoting medical research.

AIM:

- To establish and encourage the highest professional and ethical standards in the practice of liver transplantation in India.
- To protect the rights and privileges of the members, solve grievances of members and make rules when deemed necessary relating to conduct discipline and professional conduct of members.
- To interact with the state and central government in formulating laws, rules, and policies in the field of liver transplant and allied subjects.
- To arrange and conduct scientific meetings, CME programs, training, and educational courses
- To encourage and advance research, study, and practice of science and art of liver transplant surgery, transplant hepatology, liver anaesthesia, and critical care and other allied specialities such as transplant pathology, diagnostic and interventional radiology, organ donation, infection, immunosuppression and provide training, research and fellowship opportunities in collaboration with various centres.

The Organisers

Centre for Liver and Biliary Science (CLBS), Max Hospital, Saket, Delhi, India

The Centre for Liver and Biliary Sciences (CLBS) at Max Super Specialty Hospital, Saket, Delhi, India, is one of the largest liver transplant programs in the world. The centre performs more than 400 living donor liver transplants annually (adults as well as paediatric liver transplants) and has accumulated experience in more than 4200 liver transplant (both living donor and cadaveric) surgeries. The centre also performs a variety of complex hepatobiliary and pancreatic surgeries and is at the forefront of HPB Oncology.

CLBS has been involved in the care of patients from over 20 countries. It is a special place to many as it offers world-class facilities and treatment options at par with the best international centres anywhere, but at a much more affordable cost and with consistent results. Over the years, the team has pioneered living donor liver transplantation and HPB oncology in India and has introduced numerous innovations to make the surgery safe and to improve the outcomes of these complex procedures of surgeons and physicians.

General Information

Registration Counter:

The registration counter is located on ground floor near main hotel lobby, Baithak and it will be open at the following time:

Thursday, 16th November 2023 | 17:00 - 20:30

Friday, 17th November 2023 | 8:00 - 19:00

Saturday, 18th November 2023 | 8:00 - 19:00

Sunday, 19th November 2023 | 8:00 - 17:00

The registration fee includes admission to all main congress scientific sessions, the exhibition and poster areas, congress materials, coffee breaks, lunches and the musical night with banquet on 17th November 2023 (Friday).

Language and Time Zone:

The official language of the congress is English. All time references within the programme are in Indian Standard Time (IST; GMT+5hours 30 min).

Name Badges:

All participants will receive a personal name badge upon registration. Participants are required to wear their badges visibly during the congress.

Dress Code:

Smart casuals

Speakers at Keynote Lecture, State-of-art Lecture, Congress Workshop and Special Sessions:

All speakers must provide their PowerPoint presentation file at least 3 hours before the session starts. It should be provided at the speakers' preview rooms at Hall A, Hall B and Hall C as per the scientific programme by USB stick to the technical assistant. The speakers' preview room will be open at the following times:

Thursday, 16th November 2023 | 18:00 - 20:30

Friday, 17th November 2023 | 8:00 - 19:00

Saturday, 18th November 2023 | 8:00 - 19:00

Sunday, 19th November 2023 | 8:00 - 17:00

Announcements and Changes:

A display board will be set up near the Hall A. Please check this board daily for any announcements and updates on the program. The announcements will also be published on the congress website.

General Information

Certificate of Attendance:

Your certificate of attendance (physical copy) will be provided on 19th November 2023 at registration counter.

Photographer:

An official photographer has been engaged. By registering for this congress, you agree to have your picture taken and for it to be used in the congress related materials and website.

Disclaimer:

The information is correct at the time of printing. The organisers reserve the right to alter or cancel, without prior notice, any arrangements, timetables, plans or other items relating directly or indirectly to the congress for any cause beyond their reasonable control, and will not assume any responsibility for accidents, losses or damages, as well as delays to or modifications of the congress program.

Internet Access:

Please turn on the wifi and select @Hyatt_WiFi. It will open the wifi log in page and would ask for the last name and room number. After entering the details it will connect with wifi automatically.

Insurance and Liabilities:

Participants shall be regarded in every aspect as carrying their own risk for loss or injury to a person or property. The organisers will not be responsible for any injury, loss, damage, accident to property or additional expenses incurred because of delays or changes in air, rail, sea, road, or other services, strikes, sickness, weather, acts of terrorism and any other cause. Participants are advised to arrange adequate travel, liability, and health care insurance.

The Pink City

Planned by Vidyadhar Bhattacharya, Jaipur holds the distinction of being the first planned city in India. Renowned globally for its coloured gems, the capital city of Rajasthan combines the allure of its ancient history with all the advantages of a metropolis. The bustling modern city is one of the three corners of the Golden Triangle that includes Delhi, Agra, and Jaipur.

The story goes that in 1876, the Prince of Wales visited India on a tour. Since the colour pink was symbolic of hospitality, Maharaja Ram Singh of Jaipur painted the entire city pink. The pink that colours the city makes for a marvellous spectacle to behold. Jaipur rises majestically against the backdrop of the forts Nahargarh, Jaigarh, and Garh Ganesh Temple.

Jaipur traces its origin back to 1727, when it was established by Jai Singh II, the King of Amber. He shifted his capital from Amber to the new city because of the rapidly-growing population and increasing water scarcity. Noted architect Vidyadhar Bhattacharya used the established principles of Vastu Shastra to build the city.

Theme: Liver Transplant Beyond Borders Hall A: Day 1 - Friday, 17th November, 2023

TIME	TOPIC	SPEAKER
08.45 - 09:00	Welcome Address	Subhash Gupta
SESSION 1: ADVANCEMENT IN DONOR SURGERY		
Chairpersons: Mohamed Rela, Sudhindran, Biju Chandran & Ramachandran Menon		
09:00 - 09:20	Robotic donor hepatectomy: Tips, tricks, cost minimisation, future robots	Dieter Broering
09:20 - 09:40	Laparoscopic donor hepatectomy: The open procedure is no longer relevant	Kwang Woong Lee
09:40 - 10:00	Open donor hepatectomy cannot be ignored	Vinay Kumaran
10:00 - 10:20	Is there a place for hybrid procedures?	Susumu Eguchi
10:20 - 10:40	Minimal invasive donor hepatectomy - CLBS view point	Shaleen Agarwal
10:40 - 10:50	Coffee Break	
SESSION 2: ADVANCEMENT IN RECIPIENT SURGERY		
Chairpersons: Hiroto Egawa, Sonal Asthana, Rajesh Dey & Ramdip Ray		
10:50 - 11:10	Impact of minimally invasive donor hepatectomy on biliary complications in recipients and donors	Vivek Vij
11:10 - 11:30	Ultra low GRWR <0.6 in liver transplant recipients	Mark Cattral
11:30 - 11:50	Complex donor anatomy in LDLT recipients	Elizabeth Pomfret
11:50 - 12:10	Portal vein thrombosis and collaterals in LDLT	Toru Ikegami
SESSION 3: IMPROVING OUTCOMES		
Chairpersons: Neerav Goyal, Raghavendra Babu Y, Vivekananda Shanmugam & Rajgopal Acharya		
12:10 - 12:30	Minimally invasive recipient surgery: Are we there?	Kwang Woong Lee
12:30 - 12:50	Vascular complications after LDLT	Chirag Desai
12:50 - 13:10	Optimising outcomes in paediatric liver transplant	Kang He
ILDLTG PRESIDENT LECTURE		
13:10 - 13:30	Can we achieve zero mortality after LDLT?	Hiroto Egawa
13:30 - 13:45	Industry talk on Hemostatic agents	
13:45 - 14:30	Lunch Break	
SESSION 4: MANAGING EARLY COMPLICATIONS		
Chairpersons: Giuliano Testa, Sanjiv Saigal, Abraham Shaked & Manoj Dongare		
14:30 - 14:50	Early radiological interventions after LDLT	Shahnawaz Bashir
14:50 - 15:10	Liver biopsy in the first 2 weeks after LDLT	Ravi Mohanka
15:10 - 15:30	Role of cross sectional radiology in post LDLT complications	Ruchi Rastogi
KEYNOTE ADDRESS		
15:30 - 15:50	Transplant hepatology: current and future perspective	Nazia Malekkiani Selzner
15:50 - 16:00	Coffee Break	
16:30	Inauguration	
17:30	LTST General Body Meeting	

Course: Transplant Hepatology, Course Director - Dr Sanjiv Saigal Hall B: Day 1 - Friday, 17th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: IMMUNOSUPPRESSION AND REJECTION		
Chairpersons: Ramesh Roop Rai, Vibha Verma, Lokesh Jain & Vinay Mahala		
08:30 - 08:50	Immunosuppression in different clinical situations	Dinesh Jothimani
08:50 - 09:10	Role of biomarkers in rejection post LT	Charles Panackel
09:10 - 09:30	New potential therapeutic drug targets in immunosuppression	Karthik Mathivanan
SESSION 2: PERIOPERATIVE ISSUES IN LIVER TRANSPLANT		
Chairpersons: Anoop Saraya, Vikas Singla, Amrith Sahney, Karan Kumar & Dhiraj Agarwal		
09:30 - 09:50	Optimizing renal parameters and hyponatremia prior to transplant	Rakhi Maiwall
09:50 - 10:10	Sequential liver kidney transplant - from the same liver donor: Is there a consensus?	Gaurav Chaubal
10:10 - 10:30	Challenges in sarcopenia and frailty in liver transplant	Vivek A Saraswat
10:30 - 10:40	Coffee Break	
SESSION 3: INFECTIONS IN LIVER TRANSPLANT		
Chairpersons: S Sudhindran, Mukul Rastogi, Abhisek Deo, Pallavi Garg & Hetal Pampaniya		
10:40 - 11:00	Antibiotics stewardship in LT: Less is more?	Anita Verma
11:00 - 11:20	When is infection a contraindication for liver transplantation?	Neeraj Saraf
11:20 - 11:40	Fungal infections in post liver transplant period: Risk factors and management	Akash Shukla
SESSION 4: POST LIVER TRANSPLANT ISSUES-1		
Chairpersons: Anurag Govil, Prashantha S Rao, Priyank Dhiman & Swapnil Dhampalwar		
11:40 - 12:00	Post liver transplant metabolic syndrome	Sunil Taneja
12:00 - 12:20	Management of Diabetes in Pre and Post-transplant period	Sunil Mishra
12:20 - 12:40	Management of post LT HCC recurrence	Prashant Bhangui
12:40 - 13:00	How does one differentiate between Rejection, SFSS Sepsis in the early post liver transplant period?	Joy Varghese
13:00 - 14:00	Lunch Break	

Course: Hepatology, Course Director - Dr Sanjiv Saigal Hall B: Day 1 - Friday, 17th November, 2023

TIME	TOPIC	SPEAKER
SESSION 5: POST LIVER TRANSPLANT ISSUES-2		
Chairpersons: Raghavendra Babu Y, Dibya Lochan Praharaj, Anand Nagar & Rahul Rai		
14:00 - 14:20	Obese patients with decompensated NASH cirrhosis: Approach to medical management - Pre & post transplant	Varuna Aluvihare
14:20 - 14:40	Early post operative management of a sick liver transplant recipient	Naveen Ganjoo
SESSION 6: SPECIAL SCENERIOS IN TRANSPLANT HEPATOLOGY-1		
Chairpersons: YK Chawla, Naveen Ganjoo, SM Shohel, Shekhar Paudel & Manas Vaishnav		
14:40 - 15:00	ATT Hepatotoxicity induced liver failure: Characterisation & algorithmic approach to medical management	Amrish Sahney
15:00 - 15:20	Role of artificial intelligence/machine learning in LT	Sonal Asthana
15:20 - 15:35	Coffee Break	
SESSION 7: SPECIAL SCENERIOS IN TRANSPLANT HEPATOLOGY-2		
Chairpersons: Anil Dhawan, Kaushal Madan, Rahul Jain, Ameet Mandot & Pabitra Sahu		
15:35 - 15:50	Malignancy and liver transplant-guidelines versus practical approach	Dinesh Balakrishnan
15:50 - 16:05	Outcomes of hepatitis B virus positive grafts	Shekhar Singh Jadaun
16:05 - 16:20	Managing pregnancy in liver transplant recipient	Ravichand Sidhachari

Award Paper/Video Sessions

Hall C: Day 1 - Friday, 17th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1		
Judges: Anil Dhawan, Prashant Bhangu, Charles Panackel & Ilan Kaliammoorthy		
10:30-12:00	Award Oral Paper Session - 1	
OPC-1	Study of lactate trends post right lobe donor hepatectomy	Prateek Gupta
OPC-2	Albumin-Bilirubin (ALBI) score in predicting post-transplant outcomes following adult liver transplantation	Kavinandan G
OPC-3	An evaluation of on table extubation on post operative ICU stay after living donor liver transplantation (LDLT)- A retrospective study	Mohammed Shafiq
OPC-4	Living donor liver transplantation for paediatric Wilson's disease: Does an acute presentation impact post-transplant outcomes?	Kathiresan V.
OPC-5	ABO incompatible living donor liver transplantation in children: Largest single centre experience from India	Vipul Gautam
OPC-6	Renal Resistive Index (RRI) – A bedside tool to predict acute kidney injury (AKI) after living donor liver transplantation (LDLT): A prospective observational study	Saravanan M
OPC-7	Metabolic dysfunction-associated steatotic liver disease: Where does non-alcoholic fatty liver disease in liver transplant recipients fit in this new definition?	Swapnil Dhampalwar
OPC-8	Comparison of The effect of isoflurane and propofol on liver regeneration after donor hepatectomy-A randomised controlled trial	S.V. Abhinaya
SESSION 2		
Judges: Dieter Broering, Ravi Mohanka, Rajesh Dey & Rajesh Rajalingam		
12:15-13:15	Award Video Session	
VP-1	Robotic donor right hepatectomy with anatomic variation	Seung Duk Lee
VP-2	Successful laparoscopic living donor right hepatectomy in a case with challenging portal vein variation	Hyun Hwa Choi
VP-3	Difficult porta dissection In laparoscopic donor hepatectomy	Arif Ali Khan
VP-4	Vascular stapler malfunction during laparoscopic donor Hepatectomy	Vishal Kumar Chorasiya

Hall C: Day 1 - Friday, 17th November, 2023

TIME	TOPIC	SPEAKER
VP-5	Robotic donor hepatectomy - Managing variant anatomy and intra-operative complications	Pranav Wadhokar
VP-6	Negotiating the Learning curve for harmonic splitting in total robotic donor hepatectomy using 3D CT Reconstruction	Fysal Kollantavalappil
VP-7	Robotic right donor hepatectomy	Amith Kumar Pakkala
SESSION 3		
Judges: Neerav Goyal, Sunil Taneja, Venugopal B, Pooja Bhangui & G V Premkumar		
14:00-16:00	Award e-Poster Session	
18:00	iLDTG Council Meeting	

Hall A: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: UPDATES FROM OVERSEAS		
Chairpersons: Kim Olthoff, Vivek Vij, Vibha Varma & Sapana Verma		
08:25 - 08:40	Liver transplant in public sector	Nagesh Gowda
08:40 - 08:55	LT In Kazakhstan: impact of collaboration with other Centres	Bolatbek Baimakhanov
08:55 - 09:10	LT in Iran: How we developed both DDLT and LDLT?	Saman Nikeghbalian
PANEL DISCUSSION		
09:10 - 09:30	How to start a LDLT programme? Moderator: Md. Nayeem	Panelists: Thiagarajan Srinivasan, Abhishek Yadav, Abhijit Chandra, Peush Sahni
SESSION 2: TIPS TO START A NEW LDLT PROGRAMME		
Chairpersons: Elizabeth Pomfret, Rajesh Bhojwani, Nihar Mohapatra & Sumana Kolar		
09:30 - 09:45	Government support for LT	Pranjal Modi
09:45 - 10:00	Improving gender imbalance in LDLT	Gomathy Narasimhan
10:00 - 10:15	Managing patients transplanted abroad: Our Experience	Pukar Shrestha, Randy Urtula
10:15 - 10:30	LDLT: Infrastructure first	Krish Menon
10:30 - 10:45	LDLT: Trained team first	Shridhar Iyer
10:45 - 11:00	Coffee Break	
SESSION 3: LIVER UPDATES		
Chairpersons: C.L. Chen, Mohamed Rela, Suresh Raghavaya & Ajai Khanna		
11:00 - 11:15	Genomics and biomarkers in liver regeneration	Kim Olthoff
11:15 - 11:30	Futility scores in LDLT	Kaushal Madan
11:30 - 11:45	Medical contraindications to LDLT	Giuliano Testa
11:45 - 12:00	LDLT for hepatorenal syndrome	Abhinav Humar
KEYNOTE ADDRESS		
12:00 - 12:15	HCC beyond Milan: Where do we stand?	Jan Lerut

Hall A: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
SESSION 4: AWARD ORAL PAPER SESSION 2		
Judges: Hiroto Egawa, S. Sudhindran, Abhideep Chaudhary & Rajashekhar K		
12:15 - 13:15	Oral Award Paper Session-2	
OPA-1	Comparison of open donor hepatectomy with minimally invasive small midline graft extraction technique for right lobe grafts	Phanikumar Nekarakanti
OPA-2	Outcomes of living donor liver transplantation for hepatocellular carcinoma associated with benign versus malignant portal vein thrombosis	Amr El Fouly
OPA-3	International multicenter study of outcomes of ultra-Low GRWR grafts for adult living donor liver transplantation	Ashwin Rammohan
OPA-4	SFSS Grade C: Real-World data from iDLT group vanguard multi-center study	Shinya Okumara
OPA-5	Safe ABO Incompatible living donor liver transplantation after desensitisation using ultra-low dose Rituximab and plasmapheresis	Gayatri Balakrishnan
OPA-6	The current status of ABO blood type incompatible liver transplantation in Japan: 11- year surveillance and additional research of hepatocellular carcinoma and acute liver failure	Yoshihiro Hirata
OPA-7	Does the total robotic approach compromise recipient outcomes with liver grafts with complex anatomy or extremes of weight compared to open right donor hepatectomy?	Kamal Yadav
13:15 - 13:35	Industry Symposium on haemostatic agents - Panel Discussion	
13:35 - 14:30	Lunch Break	

Hall A: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
DEBATE		
Chairpersons: Daniel Azoulay, Kausar Makki, Giriraj Bora & Priyaranjan		
14:30 - 14:45	Graft Inflow modulation: For	S. Sudhindran
14:45 - 15:00	Graft Inflow modulation: Against	James Pomposelli
KEYNOTE ADDRESS		
15:00 - 15:15	Early Retransplant after LDLT	Arvinder Singh Soin
SESSION 5: VIDEO SESSION 1		
Chairpersons: Vinay Kumaran, Basant Mahadevappa, Vachan Hukkeri & Inbaraj Balradja		
15:15 - 15:30	Multiple portal veins in LDLT	Rajesh Dey
15:30 - 15:45	Multiple donor hepatic ducts in LDLT	Seung Duk Lee
15:45 - 16:00	The optimal biliary reconstruction in LDLT	Amit Rastogi
16:00 - 16:15	Anterior sector drainage and right hepatic vein growth factor	Jagadeesh Krishnamurthy
16:15 - 16:30	Coffee Break	
SESSION 6: VIDEO SESSION 2		
Chairpersons: AS Soin, Nobuhisa Akamatsu, Gautham Mehta & Sreejith Sreekumar		
16:30 - 16:45	Monosegment graft in LDLT	Akinari Fukuda
16:45 - 17:00	Medially reduced graft in LDLT	Shaleen Agarwal
17:00 - 17:15	Abernethy malformation in portal vein	Oleg Rummo
17:15 - 17:30	Atretic portal vein in Biliary Atresia in LDLT	Mettu Srinivas Reddy
17:30 - 17:45	Complete PVT and bail out procedures	Neerav Goyal
17:45	iLDLTG General Assembly Meeting	

Scientific Programme

Course - Anaesthesia & Critical Care in LDLT

Course Director - Dr Shweta Singh

Hall B: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: INDICATION AND INNOVATION IN LT: THE WAY FORWARD		
Chairpersons: Shaleen Agarwal, Sanjiv Saigal, Achal Dhir & Piyush Varshney		
09:30 - 09:50	Non-heart beating donor- How to increase the donor pool	Jumana Haji
09:50 - 10:05	Refractory vasoplegia- Recent updates	Lakshmi Kumar
10:05 - 10:25	Role of ECMO in liver recipients	Sameer Patel
SESSION 2: ICU MANAGEMENT		
Chairpersons: Rakhi Maiwall, Ilan Kaliamoorthy, Shekhar Jadaun & Narendra Choudhary		
10:25 - 10:40	AKI in ACLF - An update	Vaishali Solao
10:40 - 11:10	Citrate anticoagulation for CRRT in CLD: Is it safe?	Pro - SelvaKumar M Con - Piyush Srivastava
11:10 - 11:25	Role of parenteral nutrition in patients with liver ICU	Varsha Shasthry
11:25 - 11:45	Coffee Break	
SESSION 3: PERIOPERATIVE CHALLENGES		
Chairpersons: Mettu Srinivas Reddy, Vijay Vohra, Anupam Goel, Ashok Kumar & Ankur Sharma		
11:45-12:00	Assessment of fluid responsiveness - Recent updates	NandKumar K.
12:00 - 12:35	A Panel Discussion: Cardiac Issues in pre transplant patients	Panelists: Anil Singh, Anindita Mukherjee, Vinayak Agrawal, Manisha Modi & Narendra Choudhary
	Moderator: G. V. Premkumar	
SESSION 4: STATE OF ART		
Chairpersons: Vivek Yadav, Manisha Modi, Vinayak Agarwal & Vandana Mangal		
12:35 - 12:55	Role of TEE in LT	Achal Dhir
12:55 - 13:15	TIVA in liver patients	Vijay Vohra
13:15 - 14:15	Lunch Break	

Scientific Programme

Course - Anaesthesia & Critical Care in LDLT

Course Director - Dr Shweta Singh

Hall B: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
SESSION 5: NEW FRONTIERS IN LT		
Chairpersons: Vikram Kumar, Lakshmi Kumar, Amit Singhal, Rahul & Ramdip Ray		
14:15 - 14:30	Metabolic Liver disease: Challenges crisis prevention & management	Ilan Kaliamoorthy
14:30 - 15:00	Pannel discussion: Need of thromboprophylaxis in LDLT: Specific scenarios/indication Moderator: Shweta Singh	Panelists: Ameya Panchwagh Anil Agarwal Ashish Mallik Rajkumar Subramanian & Ashok Kumar
SESSION 6: HOTS IN LIVER TRANSPLANT		
Chairpersons: Zubair Ahmad, Kaushal Madan, Sumit Goyal & Gomathy Narsimhan		
15:00 - 15:15	Pros and Cons of Early tracheostomy	Vandana Saluja
15:15 - 15:30	Noninvasive techniques of monitoring of ICP in ALF- What is new?	Vijay Kant Pandey
15:30 - 16:00	PLEX in ALF (Debate Pro/Con)	Pro - Rakhi Maiwall Con - Ameet Mandot
16:00 - 17:20	Award Oral Paper Session - 3	
Judges: Anand Khakhar, Anand Ramamurthy & Rajiv Lochan		
OPB-1	Early recipient outcomes following neo-middle hepatic vein thrombosis in modified right lobe graft	Vibha Varma
OPB-2	Graft rinse prior to reperfusion in living donor liver transplantation: A prospective double-arm comparative study	Vijhay Ganesun
OPB-3	Outcomes of liver donor with prediabetes/diabetes in living liver donation	Prasanna Gopal
OPB-4	Analysis of open, laparoscopic, and robotic living donor liver transplant outcomes: A single center prospective registry study of 1607 cases	Dmitri Raptis
OPB-5	Do male donors suffer from an greater inflammatory state, slower recovery and increased morbidity following right lobe living donor hepatectomy? A propensity score matched analysis	Sathish Krishnan
OPB-6	Living donor kidney followed by right lobe living donor liver: A dual center case study	Vinay Kumaran
OPB-7	To compare the outcome of temporary portocaval shunt during recipient hepatectomy vs No shunt in adult elective live donor liver transplantation: A prospective Randomised controlled study	Manoj Kumar YL
OPB-8	Small bowel Transplant-Initial experience from India	Amith Kumar Pakkala

Hall C: Day 2 - Saturday, 18th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: LTSI CONSENSUS ON PRE-OPERATIVE CARDIAC EVALUATION		
Chairpersons: Shweta A. Singh, Lakshmi Kumar, Vinayak Agarwal, Gomathy Narasimhan & Narendra Choudhary		
08:00 - 08:15	Introduction	Shweta Singh
08:15 - 08:30	CAD	Nandakumar K
08:30 - 08:45	Cardiomyopathy	Anil Singh
Chairpersons: Piyush Srivastav, G V Premkumar, Anupam Goel, Charles Panackel & Ashok Kumar		
08:45 - 09:00	Pericardial Dysfunction	Selvakumar Malleeswaran
09:00 - 09:15	Arrhythmia	Anindita Mukherjee
09:15 - 09:30	Valvular heart diseases / Conclusion	Sekar Loganathan, Narendra Choudhary
SESSION 2: INTERVENTIONAL RADIOLOGY IN CIRRHOSIS		
Chairpersons: Harjeet Singh, Ritu Verma, Bappaditya Har & Neha Tandon		
09:30 - 09:50	HVOT: Intervention vs Transplant	Kaushal Madan
09:50 - 10:10	TIPS: Indications and late results	Sanjay S. Baijal
10:10 - 10:30	Portal vein recanalization	Amar Mukund
10:30 - 10:45	MWA/ RFA - what is best?	Shahnawaz Bashir
10:45 - 11:15	Coffee Break	
SESSION 3		
12:30 - 13:30	iLDLTG Vanguard Multicentre Studies Session Moderator: K. W. Lee, Toru Ikegami	
OPV - 1	The Incidence and management of biliary complications after donor hepatectomy in living donor liver transplantation	Ryugen Takahashi
OPV - 2	Incidence of severe complications in living liver donation from real world data	Koichiro Haruki
OPV - 3	Clinical significance of grade A small-for-size syndrome using the new definition of diagnostic criteria from the ILTS-iDLT-LTSI consensus conference	Hye-Sung Jo
OPV - 4	Feasibility of grading system for SFSS after LDLT, with a focus on grade B	Takeo Toshima
OPV - 5	SFSS Grade C: Real-World Data from iDLT Group Vanguard Multi-Center Study.	Shinya Okumura
13.30 - 14:30	Lunch Break	
SESSION 4		
14.30 - 16:30	Workshop: Virtual reality in transplant surgery	Sridhar Iyer, Yujia Gao, Zachery Yeo

Hall A: Day 3 - Sunday, 19th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: ABOi LT		
Chairpersons: KW Lee, Shaleen Agarwal, Abhideep Chaudhary & Vivek Kute		
08:30 - 08:50	Desensitization protocols in ABOi LDLT	Hiroto Egawa
08:50 - 09:10	Postoperative management in ABOi LDLT	Sanjiv Saigal
09:10 - 09:30	Diffuse ischemic biliary strictures in ABOi LDLT	Mettu Srinivas Reddy
09:30 - 09:50	Donor and recipient genetic interaction - Thinking beyond the MHC	Abraham Shaked
SESSION 2: LT for ALF and ACLF		
Chairpersons: Kim Olthoff, Dinesh Jothimani, Shridhar Iyer & Amit Rastogi		
09:50 - 10:10	Plasmapheresis for ALF: Does it alter patient selection criteria	Nobuhisa Akamatsu
10:10 - 10:30	ACLF definitions	Raj Prasad
10:30 - 10:50	Reversibility in ACLF	Shiv Kumar Sarin
10:50 - 11:10	LDLT for ACLF 3	Mohamed Rela
11:10 - 11:30	When to & when not to transplant in ALF	Shweta Singh
11:30 - 11:45	Industry talk on fibrinogen use in LDLT	Piyush Srivastava
11:45 - 11:55	Coffee Break	
11:55-12:15	LTSI ANNUAL ORATION	Samiran Nundy
	Introduction by Sonal Asthana	
SESSION 3: HCC		
Chairpersons: AS Soin, Sumana Kolar, Rajanikant Patcha & Shashwat Sarin		
12:15 - 12:30	Liver resection for major vascular tumour invasion vs LT	Daniel Azoulay
12:30 - 12:45	Current tools for predicting tumor behaviour	Srinath Chinnakotla
12:45 - 13:00	Downstaging protocols in HCC	Sanjeeva Kalva
13:00 - 13:15	TARE: Indications and combinations with systemic therapy	Hyo Cheol Kim
13:15 - 13:30	Evolving Strategies in LDLT for hepatocellular Carcinoma	Chao-Long Chen
INDUSTRY SESSION		
13:30 - 13:40	Recent advances in management of unresectable mHCC	Rajesh Upadhyay
13:40 - 13:50	Case based discussion on management of HCC	Bhuvan Chugh
13:50 - 14:30	Lunch	

Hall A: Day 3 - Sunday, 19th November, 2023

TIME	TOPIC	SPEAKER
SESSION 4:		
LTSI Panel Discussion		
14:30 - 15:00	Ensuring gender equality in career opportunities in liver transplantation	Panelists: Vrishali, Prataprao Patil, Vibha Varma, Madhumita Premkumar, Neelam Mohan
	Moderator: Kim Olthoff	
LTSI DEBATE		
Chairpersons: James Pomposelli, Ankur Gupta, Selvakumar & Vachan Hukkeri		
15:00 - 15:30	Hub and Spoke Model - Is it the right fit for transplant outside Metros?	Arvinder Singh Soin For/Krishna Menon- Against
MACHINE PERFUSION		
Chairpersons: James Pomposelli, Ankur Gupta, Selvakumar & Vachan Hukkeri		
15:30 - 15:50	Debate: Hypothermic perfusion V/S normothermic perfusion (10 mins each)	Thiagarajan Srinivasan, Sonal Asthana
15:50 - 16:10	Machine perfusion: How far are we from routine use?	Magdy Attia
16:10 - 16:20	Coffee Break	
SESSION 5: LIVER TRANSPLANT UPDATES		
Chairpersons: Abhinav Humar, Anand Ramamurthy, Anand Khakhar & Md. Naeem		
16:20 - 16:45	Panel discussion: Ensuring donor safety during the MIS learning curve Moderator: Abhideep Chaudhary	Elizabeth Pomfret, Shaleen Agarwal, Vivek Vij, Rajesh Rajalingam
16:45 - 17:10	How can we improve deceased donor management in India?	Selvakumar Malleswaran
17:10 - 17:25	NOTTO - How far we have come?	Anil Kumar
17:25	Closing Ceremony	

Course: Paediatric Hepatology, Course Director - Dr Vikram Kumar Hall B: Day 3 - Sunday, 19th November, 2023

TIME	TOPIC	SPEAKER
SESSION 1: PRE TRANSPLANT CARE - LISTING AND OPTIMISATION		
Chairpersons: Sunita Birjania, Sarath Gopalan, Bhaskar Saikia & Manish Sharma		
08:30 - 08:45	Timing of liver transplant in children with portal hypertension and mild liver dysfunction	SK Yachha
08:45 - 09:00	Pre transplant optimisation of children with metabolic liver disease	Nadia Al Hashmi
09:00 - 09:15	Role of creatinine, sarcopenia and hyponatremia in listing: Does PELD need modifications?	Seema Alam
09:15 - 09:30	Metabolic liver disease: When to and when not to transplant?	Anil Dhawan
09:30 - 09:45	Second chance for "Too sick for transplant" Is it possible?	Sadhna Bhasin Lal
09:45 - 10:15	Discussion	
10:15 - 10:30	Coffee Break	
SESSION 2: PEDIATRIC LIVER TRANSPLANT - SPECIFIC CONCERNS		
Chairpersons: Priti Vijay, Priyanka Udawat, Kalpana Panda, & Shivani Deswal		
10:30 - 10:45	Strategies to prevent portal vein thrombosis	Rajeev Khanna
10:45 - 11:00	Graft volume and outcome	Vipul Gautam
11:00 - 11:15	Role of albumin for hypoalbuminemia in immediate post LT period	Maninder Singh Dhaliwal
11:15 - 11:30	Liver transplant for non-hepatoblastoma tumor	Piyush Upadhyay
11:30 - 11:45	Domino liver transplant- Techniques and outcome	Mukesh Kumar
11:45 - 12:00	Discussion	
SESSION 3: POST TRANSPLANT CARE		
Chairpersons: Nidhi Rawal, Natwar Parwal & Shyam Sunder Meena		
12:15 - 12:30	Induction immunosuppression therapy- Is it worth it?	Girish Gupte
12:30 - 12:45	Early diagnosis and management of biliary complications	Neelam Mohan
12:45 - 13:00	Recurrence of paediatric liver diseases after LT	Naresh Shanmugam
13:00 - 13:15	Monitoring of CMV and EBV post-transplant	Al-Qasim Al-Bahlani
13:15 - 13:30	Discussion	
13:30 - 14.15	Lunch Break	

Course: Paediatric Hepatology, Course Director - Dr Vikram Kumar Hall B: Day 3 - Sunday, 19th November, 2023

TIME	TOPIC	SPEAKER
SESSION 4: LONG TERM OUTCOME		
Chairpersons: Lokesh Sharma, Piyush Upadhyay, Deepak Goyal & Khoula Al Said		
14:15 - 14:30	Graft fibrosis and long-term survival	CH Madhusudhan
14:30 - 14:45	Operational tolerance after transplant - A pipe dream	Aradhana Aneja
14:45 - 15:00	Post-transplant vaccination- Live and Killed	Yusriya Al Rawahi
15:00 - 15:15	Long term outcomes of Domino liver recipients	Khalid Al- Thihli
15:15 - 15:30	Discussion	
15:30 - 15:45	Coffee Break	
SPECIAL SESSION: PANEL DISCUSSION		
15:45 - 16:15	Developing LT in the public sector- do we really need private hospitals to help? Moderator: CH Madhusudhan	Panelists: Pranjal Modi, Sumesh Kaistha, TD Yadav, Rajan Saxena
16:15- 16:35	Constraints of expanding Split Deceased Donor Liver Transplantation in India Moderator: Mettu Srinivas Reddy	Panelists: Dieter Broering, Gaurav Chaubal, Somshekara H, Raj Prasad
16:35 - 16:55	Laws and ethics related to LDLT Moderator - Sanjay Nagral	Panelists: Vasanthi Ramesh Rajiv Lochan, Sujoy Pal
16:55	Vote of Thanks	

TRANSPLANT COORDINATORS WORKSHOP

Hall C: Day 3 - Sunday, 19th November, 2023

TIME	TOPIC	SPEAKER
09:00 - 09:10	Welcome address	Jagadeesh Krishnamurthy
SESSION 1		
Chairpersons: SK Mathur, Anil Kumar & Vasanthi Ramesh		
09:10 - 09:30	Diagnosis and certification of brain stem death in India	Vasanthi Ramesh
09:30 - 09:50	Liver donor maintenance and selection	Zubair Ahmad
09:50 - 10:10	Role of the transplant Co-ordinator in promoting organ donation	Anil Kumar
10:10 - 10:30	Incentives for organ donation: A world view	Pallavi Kumar
10:30 - 10:50	DCDD in India: Myth or Reality?	SK Mathur
10:50 - 11:00	Coffee Break	
SESSION 2		
11:00 - 11:45	Panel Discussion: Moderator: SK Mathur <ul style="list-style-type: none"> Robust National Health Scheme promotes organ donation Brain death diagnosis must be delinked from organ donation Should Government pass a bill for waiver of hospital charges in organ donors? Should each transplant centre be linked with neighbouring ICUs to increase donation? 	Panelists: Pranjal Modi Amit Singhal CH Madhusudhan Naimish Mehta
SESSION 3		
Chairpersons: SK Mathur, Anil Kumar & Vasanthi Ramesh		
12:15 - 12:35	Hurdles in organ donation in corporate hospitals	Ravi Mohanka
12:35 - 12:55	Ethical issues in organ allocation and patient selection	Vasanthi Ramesh
12:55 - 13:15	Strong presumed consent/Opt Out: Will it work in India	Jayant Reddy
13:15 - 13:35	Challenges faced by transplant coordinators in living donor transplant	Trilly Rachel Mathew
13:35 - 13:40	Vote of Thanks	
13:40 - 14:30	Lunch

Advancements in Techniques

Day 1: Friday, 17th November, 2023

- Minimally invasive donor hepatectomies: Laparoscopic/Robotic
 - Minimal invasive liver implantation

Day 2: Saturday, 18th November, 2023

- Medial reduction in Paediatric transplant
 - Vascular reconstruction
 - Optimal biliary reconstruction

Day 3: Sunday, 19th November, 2023

- Diffuse ischemic strictures in ABO-incompatible transplant
 - Liver resection in major vascular tumor invasion

State-of-the-Art Lectures

Day 1: Friday, 17th November, 2023

- Can we achieve zero mortality after LDLT?
- Transplant hepatology: current and future perspective
 - Ultra low GRWR <0.6 in liver transplant recipient
 - Artificial Intelligence (AI) in liver transplant

Day 2: Saturday, 18th November, 2023

- Genomics and biomarkers in liver regeneration
 - Graft inflow modulation
- LDLT – Infrastructure or trained team first?

Day 3: Sunday, 19th November, 2023

- Reversibility in ACLF
- Desensitisation protocol in ABO incompatible liver transplant
- Donor and recipient genetic interaction - Thinking beyond MHC
 - LDLT for ACLF 3

Keynote Lectures

Day 3: Sunday, 19th November, 2023

- Hub and Spoke model for LT: Is it the right fit to transplant outside metros?
 - Evolving strategies in LDLT for HCC
- Constraints in expanding split deceased liver transplantation
 - Machine perfusion: How far are we from routine use
 - Ensuring donor safety during MIS learning curve
 - Normothermic vs Hypothermic machine perfusion
 - Ensuring gender equality in liver transplantation
 - Laws and ethics related to LDLT – panel discussion
 - NOTTO – How far we have come?

Workshops

Day 2: Saturday, 18th November, 2023

- Virtual reality in liver transplantation (For invited delegates only)
- LTSI consensus on pre operative cardiac evaluation

 **Hall C: Hyatt Regency, Jaipur**

Day 3: Sunday, 19th November, 2023

- Transplant coordinator – updates from experts

 **Hall C: Hyatt Regency, Jaipur**

Dipak Sarma
Renowned Flutist and
ABO incompatible liver transplant recipient

Friday, 17th November, 2023

7.30pm onwards

Hall A - Regency Ballroom, Hyatt Regency, Jaipur

Prepare to be transported to a world of enchanting melodies as Dipak Sarma, the renowned Flutist from Assam, takes center stage. Here's what you can expect from this extraordinary show:

Soulful Flute Melodies:

Dipak Sarma's mastery of the flute will leave you spellbound. Experience the magic of his music as he weaves captivating tunes.

Musical Journey:

Embark on a musical journey through Assam's rich cultural heritage, as Dipak Sarma blends traditional and contemporary sounds seamlessly.

Live Performance:

Witness the artistry of Dipak Sarma up close and personal as he performs his original compositions and popular classics.

Celebrate Diversity:

Immerse yourself in the diverse sounds and rhythms that have shaped Dipak Sarma's musical identity, resulting in a unique and mesmerising performance.

Don't miss the opportunity to witness Dipak Sarma's flute artistry live in concert. It's a musical extravaganza you won't want to miss!

#DipakSarmaLive #FluteMagic

*Join us for a night of musical extravaganza with Vijay Prakash,
one of the singers of the Oscar winning song "Jai Ho"*

Saturday, 18th November, 2023

7.30pm onwards

Chauras Bagh, Hyatt Regency, Jaipur

Vijay Prakash, celebrated for his unforgettable rendition of Oscar and Grammy-winning song "Jai Ho" from the film Slumdog Millionaire, is all set to dazzle audience once again with a promise to be a Bollywood extravaganza like no other.

In this much-anticipated event, Vijay Prakash will take his audience on a musical journey through the mesmerising world of Indian cinema. From soulful melodies that tug at the heartstrings to high-energy dance numbers that set the stage on fire, he will showcase the incredible diversity of film songs from multiple Indian languages.

With his versatile voice and charismatic stage presence, Vijay Prakash will bring to life iconic songs in languages like Hindi, Tamil, Telugu, Kannada, and more. His performance will be a true celebration of the magic of Indian cinema, where each song tells a story, evokes emotions, and invites everyone to dance to its rhythm.

Prepare to be swept away by the melodious nostalgia of classic film tunes and the infectious energy of foot-tapping dance numbers. Vijay Prakash's performance will be an unforgettable evening of entertainment for all music lovers.

*Join us for a night of musical extravaganza with Vijay Prakash,
one of the singers of the Oscar winning song “Jai Ho”*

Indulge in Exquisite Cuisine in a Sit Down Dinner:

Experience a gourmet feast prepared by renowned chefs, featuring delectable dishes that will tantalise your taste buds

Live Entertainment:

Enjoy captivating performances by Vijay Prakash and other artists, including live music, dance, and more, to elevate the evening's atmosphere

Toast to a Purpose:

Raise your glass for a meaningful cause as we share our mission and impact in the community

Gala Attire:

Black tie event

Don't Miss Out:

Register on time and be a part of an unforgettable evening dedicated to making a difference

Join us for a night of glamour, compassion, and celebration. Together, we can create a positive change!

#GalaForGood #MakingADifference

Instructions

To Faculty

- Please notify the travel agent five days in advance for arranging local transportation to and from the airport/hotel.

For any queries, please contact: Sashikant Dey: +91-88828 88775,

Vinod Singh: +91-95600 73077, Dr Anuj: +91-89230 98700

- Accompanying person will be charged as per hotel rules
- For speakers extra stays after 2 night will be billed as per hotel & organiser's policy
- For Gala sit down dinner - Please sit in allotted seats
- For Local tours - contact the tourist agent: **+91-97827 11790, 86193 21256**
www.enjoyrajasthantour.com | enjoyrajasthantour@gmail.com

To Delegates

- Join us on musical night on 17th November, 2023
- For musical concert & gala dinner on 18th November tickets - contact registration desk
- Workshops are first come, first served basis, as per seats availability
- Attend oral award paper sessions
- Brochure PDF can be downloaded from your badges
- Registration helpline: **+91-94086 85941, 89230 98700 , 99535 67207**
- Local tour agent number: **+91-97827 11790, 86193 21256**

List of accepted e-posters

TITLE OF ABSTRACT	NAME
Indian context: Impact of sarcopenia on post-transplant outcome after living donor liver transplantation	Sekar L
Initial experience of laparoscopic donor right hepatectomy at low volume center	Hyung Hwan Moon
Establishing international collaboration for pediatric liver transplantation: A public sector initiative	Shivangi Tetarbe
Bridging the liver transplantation gap in biliary atresia: Insights from India's largest children's hospital	Arka Banerjee
Re-transplantation of liver using living donor grafts, US experience	Srinath Chinnakotla
Anaesthesia concerns in obese patient coming for liver transplantation	Niyati Shetye
Plasma exchange for management of early allograft dysfunction after living donor liver transplant - An initial experience	Harshil Shah
Intrathecal morphine (ITM) in postoperative pain management of open donor hepatectomy	Akhil M R
Extending the boundaries of immediate post operative extubation after liver transplantation: Single centre experience	Deepti Ramachandra
Escitalopram induced thrombocytopenia in chronic liver disease	Gopi Krishnan
Modified left lobe graft- Technique and outcomes	Hunaid Hatimi
A pilot study predicting hepatic steatosis in living liver donors with controlled attenuation parameter	Manmohan Rajput
Effect of preoperative plasmapheresis on intraoperative hemodynamics in pediatric liver patients undergoing LDLT – A retrospective study	Sushmitha Dongari
ABO incompatible pediatric living donor liver re-transplant for a primary graft failure owing to autoimmune etiology: A unique experience	Kaptan Singh
Changes in recipient body after liver transplantation: analysis of Body Composition Analysis (BCA), obesity and metabolic syndrome post liver transplantation	Anish Gupta
Near-Infrared Spectroscopy (NIRS) monitoring in living donor liver transplantation: A prospective study	Vaishali Agrawal

List of accepted e-posters

TITLE OF ABSTRACT	NAME
Postoperative day 7 serum creatinine and serum bilirubin levels predict mortality in living donor liver transplantation recipients with early allograft dysfunction	Rinki Das
Long-term outcomes of liver transplantation for inborn errors of metabolism in children	Srinath Chinnakotla
To compare the efficacy of analgesia provided by group a (Epidural) versus group b (Erector spinae + Fentanyl PCA) undergoing donor hepatectomy surgery	Robin Sajan Chacko
Significance of neutrophil CD64 in diagnosis sepsis following liver donor liver transplantation	Lohit Shetty Raju
Aortic conduit- A viable option for graft hepatic arterial reconstruction in liver transplantation	Raghuram Nelluri
Evaluation of recipient outcomes in living donor liver transplant based on gender discordance	Milind K Akhani
Risk factors for alcohol relapse after liver transplantation: Young age and alcoholic liver cirrhosis	Hyung Hwan Moon
Comparing analgesia with IV-PCA fentanyl versus tap-RS block in donor hepatectomy: A retrospective observational study	Aaditya Prabhudesai
Non-anatomical reduction in left lateral section living donor pediatric liver transplantation	Aliaksei Scherba
Comparative outcomes of living donor liver transplantation in elderly recipients: A study on short-term morbidity and long-term survival in 1,018 cases	Fuat Saner
Building a donor pool for acute liver failure using unrelated undirected living liver donation in Saudi Arabia: A single-center experience	Mamdouh Alenazi
Two staged LDLT to avoid futile live donor hepatectomy and transplant in a fulminant liver failure with toxic liver syndrome	Amarnath Kadimella
Radiological interventions in early portal vein thrombosis in paediatric LDLT (Living Donor Liver Transplant) recipients	Ayushi Gupta
Assessment of risk factors contributing to invasive fungal infections post liver transplantation	Lakshmi V U
Transforming liver transplant outcome prediction: An innovative machine learning approach for improved graft survival assessment	Rifaldy Fajar

TITLE OF ABSTRACT	NAME
Issues of anesthesia and intensive care for pediatric liver transplantation in our practice	Vladimir Mutagirov
Donor hepatectomy in living donor liver transplantation: A worldwide meta-analysis on donor outcomes covering 30 years of activity	Mariano Giglio
Acute decompensation results in aggravated impairment of cardiac reserve, response to terlipressin and increased mortality in cirrhosis patients waiting liver transplant	Satender Singh
Ultrasound assessment of gastric volume in end stage liver disease patients for transplant surgery	Sindhuja Kayati
Hepatic arterial inflow in living donor liver transplantation with transposed native splenic artery	Kaleem Ullah
Living donor liver transplantation- An early experience from evolving center	Anisha Tiwari
To compare the outcome of temporary portocaval shunt during recipient hepatectomy versus no shunt in adult elective live donor liver transplantation: A prospective randomized controlled study	Manoj Kumar
Prognostic potential: Evaluating graft donor specific antibody and HLA antigen complexes in living-donor liver transplantation	Minseob Kim
Outcomes and risk factors for living donor liver transplantation using graft-to-recipient weight ratio <0.8 Graft: Korean national registry study	Deok Gie Kim
Does radiological assessment of steatosis of the liver affect postoperative outcomes in robotic right lobe donor hepatectomy?	Niranjan Kumar
Mortality analysis in liver transplantation: A comparative study of HCC and non-HCC patients with emphasis on early postoperative outcomes	Jiyoung Kim
Outcome analysis of patients with hepatocellular carcinoma undergoing liver transplant, downstaging versus upfront transplant – Is there any difference?	Vibha Varma
Impact of portal vein thrombosis on postoperative outcomes in recipients undergoing living donor liver transplant: A single center observational study	Rohit Singh
Living donor liver hepatectomy in obese (BMI>35 kg/m2) donors :Challenges and outcomes of donor and their recipients; To take chance when no choice	Hetal Pampaniya

List of accepted e-posters

TITLE OF ABSTRACT	NAME
Dose donor age affect the outcomes in living donor liver transplant?	Shekhar Singh Jadaun
Comparison of health-related quality of life in open versus robotic donor hepatectomy	Mrunal Awalekar
Risk factors for bacteremic sepsis following live donor liver transplantation: A propensity score-matched analysis	Saraswathy S Nair
Study of lactate trends post right lobe donor hepatectomy	Prateek Gupta
Anesthesia for small bowel transplant: A single centre experience	Premal Narkhede
Comparison of two peri-operative steroid dosing protocol after adult living donor liver transplantation - A propensity score matched analysis	Gopi Krishnan
Impact of neo middle hepatic vein (Neo-MHV) thrombosis on graft function following Live Donor Liver Transplantation (LDLT) (CTRI/2021/09/036589)	Atish Parikh
Significance of neutrophil CD64 in diagnosis sepsis following live donor liver transplantation	Anila K N
Histomorphological spectrum in post transplant liver biopsy: A single centre observational study	Sonia Agarwal
Randomized controlled trial of sustained release tacrolimus vs twice daily tacrolimus in adult living donor liver transplantation	Anila K N
Impact of preoperative single-dose methylprednisolone on major hepatectomy in adults: A prospective, randomized study	Saraswathy Nair
Extending the boundaries of immediate postoperative extubation after liver transplantation : Single centre experience	Harshit Chaksota
Outcomes of intermittent inflow occlusion [IIO] by pringles manoeuvre during robotic donor hepatectomy in adult living donor liver transplantation with right hemiliver grafts: A prospective, randomised controlled trial (CTRI/2022/04/041567	Vinaya Chandra C
Anaesthesia management in paediatric liver transplantation in two siblings in the rare case of familial hypercholesterolemia, one of them post CABG	Blossom Dsouza

List of accepted e-posters

TITLE OF ABSTRACT	NAME
Clinical profile & outcome of infants with biliary atresia from a tertiary care hospital in the era of liver transplant	Aradhana Aneja
Peri-operative arrhythmia liver transplant recipient: Early indicator of stress cardiomyopathy	Ranjana Karanth V
Minimally invasive donor surgery: Experience from a new and exclusive program	Vishal Kumar Chorasaya
Evaluation of the diagnostic accuracy of preoperative imaging for diagnosis of combined hepatocellular cholangiocarcinoma tumors. Evaluation of various complications seen in post liver transplant patients using various imaging modalities like ultrasound, doppler, CT, MRI	Geetika Mittal
Splenic artery embolization in living donor liver transplant recipients: Indications, techniques and clinical outcomes	G P Venkat Choudary
Hepatic osteodystrophy after liver transplant: A study on changes in bone mineral density post LT	Anish Gupta
CNS fungal infections in post liver transplantation recipients – A catastrophe?	Rohan Luthra
A single centre experience of outcomes of ABO-incompatible living donor liver transplant	Deepti Ramachandra
Managing crossover ducts in minimally invasive donor hepatectomy: Technique, tips and tricks	Vishal Kumar Chorasaya
ABO incompatible living donor liver transplant with very high preoperative antibody titers and donor optimization: A case report	Suvyl Rodricks
Small bowel transplant-Initial experience from India	Amith Kumar Pakkala
Mono-segment living donor liver transplant- A single centre experience from western India	Deepti Ramachandra
Physical performance decline during the early post-transplantation period affects survival after living donor liver transplantation: Analyses with KOTRY data	Deok Gie Kim
Survival benefit of living donor liver transplantation for the patients with more than 30 of model for end-stage liver disease in the region suffering severe organ shortage	Deokgie Kim
Long-term outcomes of biliary complications after endoscopic retrograde and percutaneous transhepatic biliary drainages among adult living donor liver transplant recipients	Stephen Matthew Santos

List of accepted e-posters

TITLE OF ABSTRACT	NAME
Auxiliary partial orthotopic liver transplantation for MDMA (Ecstasy) induced acute liver failure: A case report	Matej Kocik
Transitioning from open to robotic right donor hepatectomy: Early results from a north american program	Amar Gupta
Adult-to-adult right lobe graft living donor liver transplantation for acute-on-chronic liver failure: A single-center experience in Vietnam	The Duy Nguyen
Integrating AFP and PIVKA-II as surveillance tools in liver transplantation for hepatocellular carcinoma: A novel protocol for early detection of tumor recurrence	Jiyoung Kim
Impact of graft selection on short- and long-term outcomes of liver transplantation in recipients with Non-Alcoholic Steatohepatitis (NASH): The Toronto experience	Samrat Ray
Method for optimizing CT volumetry in related living donor liver transplantation	Yerkezhan Kalshabay
Therapeutic benefit and biological potential of tricetin on liver cancer: Biological application in the health sectors	Dinesh Kumar Patel
Biological potential of irisolidone for the treatment of human disorders through different molecular mechanism: Phytopharmaceutical investigation and molecular dynamic study.	Dinesh Kumar Patel
Biological effect of atractylodin on hepatocellular carcinoma with its molecular mechanism	Dinesh Kumar Patel
Biliary complications after living donor right lobe liver transplantation in adults	Maxat Doskhanov
